RESPONSE TO COMMUNICATION

Commissioner of Patents
and Trademarks
Washington, DC 20231

ATTN: Robert J. Hill, Jr.
Supervisory Patent Examiner
Group 1800

Sir:

In response to the Communication, Paper No. 7 mailed
November 10, 1993, please find enclosed:

1. A substitute paper copy of the Sequence Listing
(pages No. 35-51).

2. A substitute computer-readable form of the Sequence Listing.
3. A copy of the Notice to Comply with Requirements.
4. A Petition for Extension of Time to respond to the Notice.

Please amend the specification to delete the existing Sequence Listing (pages numbered 1-21, immediately preceding the claims) and substitute therefor the enclosed Sequence Listing.

The paper copy of the Sequence listing has been rearranged to place the sequences in numerical order. The floppy disk has been similarly corrected and also has been corrected so that printing of the nucleotide sequences and their numbers occurs on one line.

The substitute paper copy and the computer-readable copy are identical and do not contain new matter.

We are also enclosing new copies of the claims and abstract which have been renumbered as pages 52-56 of the application.

In view of the foregoing, this application is believed to be in condition for allowance and action to that end is requested. If a telephone conference will facilitate the

handling of the application, the Examiner is requested to telephone the undersigned at 415-781-1989.

The Commissioner is hereby authorized to charge any fee which may be required, including extension fees, or credit any overpayment to Deposit Account No. 06-1300 (Order No. A-58117/WHD). One copy of this sheet is enclosed.

Respectfully submitted,
